Contact: Program Coordinator: Lucille Kilmer

PURPOSE:

The primary objective of the Department of Energy NNSA Stewardship Science Graduate Fellowship program is to encourage the training of scientists by providing financial support to talented students who enter a period of study and research in designated areas of stewardship science accompanied by practical work experience at NNSA research facilities. Areas of interest for this competition include:

1. Properties of Materials under Extreme Conditions and Hydrodynamics
2. High-Energy-Density Physics
3. Low-Energy Nuclear Science

ELIGIBILITY:

The program is open to US citizens or permanent resident aliens whom are exceptional seniors or in their first or second year of graduate study.

STIPEND:

Benefits include:

- \$32,400 yearly stipend
- Payment of all tuition and required fees
- Yearly conference
- \$1,000 academic allowance
- Research opportunity at a DOE laboratory

APPLICATION:

Applications are available online at www.krellinst.org/ssgf/application. Applications due January 19, 2009.
