

UW Career Counseling Mission Statement

Advising • Career • Exploratory Studies

Career Counseling, through the ACES office, is a great resource for students! Following are the newly developed mission statement and learning objectives for career counseling work.

Career Counselors support the mission and strategic plan of the University of Wyoming by helping students from all backgrounds:

Identify Academic, Career, and Life Goals

Develop Greater Self and Social Awareness

Collaboratively Overcome Barriers

Implement Academic, Career, and Life Goals

UW Career Counseling Mission Statement

Learning Objectives

Students will learn how to develop academic, career, and life goals as they clarify their values, personality, interests, skills, and/or abilities.

Students will learn self-reflection skills needed to better understand themselves and others.

Students will learn how to persevere and be resilient, leading to higher 4 and 6 year graduation rates.

Students will learn how to act on life, academic, and career goals by being active in the UW and local community.

Students will learn how to interdependently make academic, career, and life decisions.
