

Office of Diversity,
Equity and Inclusion

January 21, 2021

President Biden has issued an executive order strengthening the existing DACA program. Shortly after taking office on January 20, 2021, President Biden signed an executive order directing the Department of Homeland Security to "fortify and preserve DACA." The order made no changes to the current DACA program. The President also presented a comprehensive immigration bill to Congress which would include a path to citizenship for current DACA holders.

Please check this page for updates as we learn more. If you are a member of the UW community and have questions or need help with DACA or related issues, please contact Jamie Crawford at the College of Law (jcrawf17@uwyo.edu).
