

2019 WYOMING 4-H

Junior Team Hippology Group Think Questions

Your team was just hired by Coyote Hills Ranch Inc. Coyote Hills is a state of the art boarding facility that offers private lessons as well. They offer both indoor (24 stalls) and outdoor (20 runs with loafing sheds) as well as pasture boarding (all horses run together on a 40 acre pasture with a few patches of trees). They have had an uncommonly high rate of accidents at the facility resulting in injuries to both horses and people. Your team has been asked to do a safety inspection of the facilities and identify potential risks for both horses and people as well as recommendations on how to correct those issues.
