

2021 HORSE HIPPOLOGY

TEAM PROBLEM

This question will be used for junior teams

The Huss Family purchased their son a Shetland Pony as his first horse. However, he is now old enough to join 4-H and so they would like to purchase a new horse for him. The family approached your team and asked for your help. They would like to know what things they should think about in picking a horse and where are some places they can go to find one.
