

# WYOMING 4-H

## Exploring Interior Design with 4-H

### Developing Life Skills by:

- experiences in problem solving, critical thinking, and decision making
- fostering a positive self-image
- communicating goals and sharing intentions and feelings
- organizing, planning, and cooperating

### Here are some places to share what you have learned by exhibiting or competing:

- County fair
- State fair
- Share with your club
- Take your exhibit to a senior citizen center or care center
- Share in a school show
- Display at a community event or activity along with others from your club or group

### Resource Materials

This project has curricula for youth education and to support volunteer teaching.

1. *Project Guide (51506C)*
2. *Leader Guide (51500B)*
3. *Project Guide (51507C) for heritage handworks*

### Learning Objective

The purpose of the 4-H program is to provide positive opportunities for a young person to develop the essential life skills of mastery, independence, generosity, and belonging through their own areas of interest.

In this project area of interest, youth may learn...

1. the art of adding beauty to a room in the house.
2. to design an ambiance of a room and accent it.
3. to redecorate, refurnish, or rearrange items in a room to create a “fresh” look.
4. about wall treatments, colors, and organization of items in a room.
5. about the arts of crewel, tatting, needlepoint, or rug making.

### Here are some suggestions of things you can make or create to exhibit or share with others:

- create a display or poster demonstrating something learned
- make an item for your bedroom such as:
  - a bulletin board, decorative candles, decorative pillow, tie rack, or wastebasket
  - a container for cleaning supplies, a drawer divider, a flower box, or laundry bag
- finish, refurbish, or reupholster items such as:
  - a bed or headboard, a bench or stool, a bookcase, shelves, cabinets
  - a desk, table, or dressing table, a chest or dresser, or a chair
- make a hooked, braided, or woven rug
- embroider or tatt an item, or make something out of crewel
- do a needlework project like blackwork, a cross stitch, or hardanger
- redesign a room in the house and take before and after pictures
- make something to change the décor of a room such as:
  - an afghan, bedspread, bookends, or a lamp
  - pictures, pillows, a handmade rug, or wall hanging
- curtains, draperies, or window shades
- create your own unique design or pattern and use in an article you make
- redesign landscaping like a flower garden, shrubbery, or lawn decorations

## Important Dates

Sign-up

Project and club designation

County fair entries due

## Citizenship Opportunities

Giving back to your community is a great way to not only provide service but also to learn more about the world we live in. You could...

- help your club by doing a community service activity or project.
- volunteer to help at a community event -- help is always needed.
- cleanup a highway or city park.
- do a food drive, school-supply drive, or clothing drive to help others in need.
- make and give something away or participate in an organized service drive or event.

## Goals/Recordkeeping/Completion

One of the basic principles of 4-H is to set goals and then work to accomplish them. Being able to share what you learned while working toward goals is valuable. We have a way that we like to use to help you, your parents, your club volunteers, and your 4-H educator to know how things went each year - - it's called your 4-H Portfolio (some call them record books).

For each project, you are asked to set goals and share what you learned, tell what you did, show how you are involved, and tell what you liked, disliked, or felt about doing the project. You will be asked to complete these and give them to adults for evaluation and to possibly learn other ways to compete and be recognized.

*The University is an equal opportunity/affirmative action institution.*

## Leadership Opportunities

Providing leadership to others comes in many different forms. In fact, only a small part of being a leader is actually because of being elected. Here are some ways to be a leader or become a leader. You could...

1. volunteer to head a committee in your club over an activity.
2. volunteer to do something to help your club.
3. volunteer to be in charge of leading a song, ice-breaker, lead the pledge, or cleanup after a meeting.
4. volunteer to teach a workshop, clinic, or demonstration.
5. mentor a younger youth in 4-H with similar or different interests.
6. organize a field trip or fun activity for your club or project group.
7. run for a position in your club as president, secretary, or something else.
