Dear Prospective 4-H Volunteer Leader,

Thank you for your interest in becoming a 4-H Volunteer Leader in the University of Wyoming Extension 4-H Program. Providing a safe environment for youth and adults in the Wyoming 4-H Program is our highest priority and is achieved through appropriate training and screening for volunteer leaders.

To be approved as a 4-H Volunteer Leader, adults must fulfill two training requirements and successfully pass volunteer screening.

The training requirements include the 4-H Volunteer e-Learning Course (four, 20 minute on-line modules) and a face to face orientation with the County 4-H Educator. The trainings and orientation can be completed in any order.

- All of the modules in the 4-H Volunteer e-Learning Course are available under Quick Links on the Wyoming State 4-H web site: http://www.uwyo.edu/4-h/
  - The password is volunteer
  - When a module is completed, the State 4-H Office receives a completion certificate for each individual which is forwarded to the respective county office.
- The county orientations for NEW volunteers are coordinated by the County 4-H Educator and delivery may vary from county to county. Please contact the office for information on how the county orientations are conducted in your county.

Once the training requirements have been met, you will be asked to provide consent for volunteer screening. The screening includes two background checks: a criminal background check and a motor vehicle records check. Instructions to complete the consent form and the links will be e-mailed to you after you have completed your volunteer trainings. The subject line will read: 4-H Volunteer Screening Instructions. If you do not have e-mail, please contact the county extension office for options to complete the volunteer screening.

We look forward to your participation in our 4-H Program!

4-H is a community of young people across America who are learning leadership, citizenship and life skills.
