Chance Seivley

Hi! My name is Chance Seivley and I am a part of the Wyoming 4-H leadership team. I am just starting my senior year in high school at the age 17. I have been doing 4-H for about 6 years now. I do a couple of things in 4-H, I do shooting sports, specifically shotgun and my personal favorite, I also do poultry. Poultry was my first experience into 4-H, and after that first taste I really started to like what it was all about, so I started getting more involved, doing my projects like static and air-rifle as well as doing camps and all kinds of other things. It was my first experience to be getting involved in the community and I have been doing it ever since. This year I got to go to D.C. For 4-H and it was easily one of my favorite experiences. So I decided right then I was going to be part of the leadership team and see what else was out there that I could participate in that would help others, as well as benefit myself.
