

All of us at the University of Wyoming School of Pharmacy hope you are having a fun and relaxing summer. For those of you who are wishing to catch up on continuing education (CE) while on vacation or taking a break from summer activities, then this newsletter is for you! Below you will find reminder information on how to access free resources through CEImpact as well as details on two **NEW** and exciting educational opportunities—The Pharmacy Network and The Preceptor Academy.

The University of Wyoming School of Pharmacy supports these educational opportunities for ongoing preceptor development and pays for access so UW preceptors can access ALL of these resources **FREE** of charge.
