There are 2 ways to search and register for courses. If you know the CRN number choose that option.

- Find Classes
- Enter CRNs
Using Advanced Search

Advanced Search allows you to search for courses using a variety of filters.

The example on the right is a search using the Attribute filter. By selecting one of these attributes you could search for courses that meet specific University Studies Program (USP Requirements).
The **Register for Classes** screen will display three panels. These are outlined in red below. Search Results will be on the top, the schedule on the left and the Summary panel on the bottom right.

Once you find a course you’d like to enroll in click the Add button for the course. This adds the course to your Summary panel. You are not fully registered in a course until you hit Submit and the Status column changes to Registered.
Summary panel

The Summary panel lists your registration information. There are several columns; Title, Details, Hours, CRN, Schedule Type, Status, and Action.

**Status** indicates your actual enrollment status in the course. A status of Registered indicates successful registration.

**Action** is a drop down menu with further registration options/actions available to you. Once you select an option from the Action column you must hit Submit to take that action.
Enter CRNs

You can also add courses by entering the CRNs. Enter the CRN and click Add to Summary. The course will appear in the Summary panel with the Status of Pending and the Action Registered via Web.

Registration is not complete until you hit Submit. If registration is successful, the status will change from Pending to Registered.
Registration Errors
If you encounter errors when attempting to register they will display in the Status column and in a notification on the top right of the screen.
To drop a course select **Drop via Web** from the Action column and then hit **Submit**. Successful drop will display as Deleted.
Wait List
If a course is closed/full, but has a waitlist you’ll receive a notification. In this example GEOG 1010 is Closed and there are 0 students currently waitlisted.

To add yourself to the Waitlist, choose **Wait Listed** from the Action Column menu and hit **Submit**.

The Status column indicates Waitlisted when you are successfully on the Wait List.
Linked Classes
Some courses are linked together, meaning that registration in both components is required. In this example a Lecture and a Lab are linked.

View Linked will display search results for each combination of linked courses.

There could be a long list of combinations displayed when you click View Linked. Click Add all to add the group of linked courses to Summary.
Display options

If your Search Results yield a high number of courses you may want to view that panel alone. You can control how the panels display through the small arrow and circle icons in grey.

You may also choose to display more results on the page through the Per Page drop down menu.
Class Details
Course titles are also hyperlinks. When you click on a course title another window will appear with class details, including a link to the Bookstore with information about required materials.
Schedule and Options
Once you’ve registered you may want to review your schedule. Under the Schedule and Options tab you can view different versions of your class schedule, print your schedule, and send it to an email address.

*Email Schedule and Downloadable Calendar File
This new feature allows students to email their class schedule along with a downloadable calendar file.
