

UNIVERSITY  
OF WYOMING

Office of  
Academic Affairs

**Temporary Academic Class Enrollment Size Minima Waiver – Spring 2021  
Issued October 16, 2020**

**Normal Class Size Policy:**

UW Regulation 2-100, III. A. – C. prescribes that, when class enrollment in a Group 1 (group instruction) course falls below

- 10 students in undergraduate courses
- 5 students in for graduate or other post-baccalaureate level courses, or
- 5 students for a dual-listed undergraduate/graduate course

The academic department head must justify in writing to their Dean why the course should go forward with low enrollments. The Dean must then seek a Provost's Office waiver for the course to go forward.

**Temporary policy for courses scheduled for delivery in Spring 2021:**

Department heads will determine their course enrollment minima using public health-driven policy determined at the University level. The Dean will have flexibility in determining if their college's courses may be delivered below enrollment minima proscribed in UW Regulation 2-100. No waiver must be sought from the Provost's Office.
