Successful completion of the 2+2 plan requires that a student remain continuously enrolled and graduate with the associate's degree from his or her respective community college. • This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the catalogs of their respective institutions and consult with their academic advisor to plan accordingly. • Academic plans and course schedules may need to be altered if ACT or Math Placement scores require a student to take pre-college courses (e.g., MATH 0900, 0921, or 0925) before taking required math or English courses.

Casper College requirements:

In order to graduate, students must successfully complete a minimum of 60 approved credit hours, with 15 of the last 30 semester hours completed as a degree-seeking student at Casper College, and with a grade point average of 2.0 or higher in those courses counted toward graduation. • Students must earn at least 24 of the semester credits applied toward graduation through the completion of Casper College coursework, including at least six (6) hours with the desired major. • Only courses numbered 1000 or above can be used toward the degree.

University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U.

UW College of Arts and Sciences requirements:

Students must take two "core" courses in addition to UW's University Studies Program requirements: Diversity in the United States (ASD) and Global Awareness (ASG). • No more than 60 hours in the major subject may be used toward the 120 credit hours required for graduation. • At least 30 hours in the major subject must be completed with a grade of C or better (the major may require more).

Casper College Program Notes:

a) GNDR 2000 (Gender Studies Service Learning) is a 1-3 credit course. It may be taken for one (1) credit if another elective is completed.

UW Gender & Women's Studies Program Notes:

For the Gender and Women's Studies major, students must complete 30 hours of gender and women's studies courses. • All gender and women's studies courses must be completed with a grade of C or better. • Students graduating with honors in Gender and Women's Studies will complete three (3) semesters of foreign language or some alternative agreed to with an academic advisor.

* **Core Courses** (9 hrs)

** **Gender and Women's Studies Electives** (21 hrs)

• Students have the option to take 12 hours in one of the following areas, or a combination in one or more areas, or create an independent path under consultation with an advisor; students should consult with their academic advisor for a list of course offerings in each area.

- Culture and Representation
- Health, the Body and Sexualities
- Social Policy and Social Justice

• As part of the 21 elective hours, students have the option of pursuing internships (WMST 4970) within the program, but should recognize that internships require both a 3.3 GPA and consent of the instructor.

• Outside of Gender and Women's Studies, students will be advised to consider: a double major or minor, study abroad opportunities, and/or classes in statistics and/or additional methods. Students who meet the GPA requirement will be encouraged to take independent studies, senior honors, and/or internships in their junior and senior years.

*** Students may select upper division course (3000-level or above) to fulfill elective credits if they need additional upper division credits to complete the required 42 hours of upper division coursework, 30 of which must be from the University of Wyoming.
