TOTAL NWC AS DEGREE HOURS							<u>60</u>

Successful completion of the 2+2 plan requires that a student remain continuously enrolled and graduate with the associate's degree from his or her respective community college. • This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the catalogs of their respective institutions and consult with their academic advisor to plan accordingly. • Academic plans and course schedules may need to be altered if ACT or Math Placement scores require a student to take pre-college courses (e.g., MATH 0900, 0920, 0921, 0930, or 0925) before taking required math or English courses.

Northwest College requirements:

To complete an AA degree, a minimum of 60 credit hours is required, although individual programs may have additional requirements. • Students must successfully complete core courses (denoted with an *) with a C- or better to meet program requirements.

University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U.

UW College of Arts and Sciences requirements:

Students must take two "core" courses in addition to UW's University Studies Program requirements: Diversity in the United States (ASD) and Global Awareness (ASG). • No more than 60 hours in the major subject may be used toward the 120 credit hours required for graduation. • At least 30 hours in the major subject must be completed with a grade of C or better (the major may require more).

TOTAL UW BS DEGREE HOURS						<u>120</u>

UW Psychology Program Notes:

A minimum of 33 hours in psychology are required for majors but the total cannot exceed 60 hours. • Eighteen (18) of these psychology credit hours must be at the 3000-level or above to graduate. Also, the upper division courses must be taken from at least two different members of the psychology department faculty listed in the *UW University Catalog*. • All major courses require a grade of C or better to graduate.

a Six (6) hours of **social science courses** from the disciplines of anthropology, communication/journalism, criminal justice, economics, political science, and/or sociology are required for the UW psychology major. ANTH 1200 and SOC 1000 are shown here as examples; other courses may be available. Please discuss with an academic advisor.

b **Introductory courses** in all five (5) of the psychology core areas (biological, social, developmental, clinical, and cognitive) are represented in this plan. However, courses in only four (4) of the five (5) areas are needed to meet UW degree requirements.

c One (1) approved three to four (3-4) credit hour **UW STEM** course is required from among the following: CHEM 1000, CHEM 1020, COSC 1010, COSC 1100, KIN/ZOO 2040, KIN/ZOO 2041, LIFE 2002, LIFE 2022, LIFE 2023, LIFE 2050, MATH 1050, MATH 1405, MATH 2200, MICR/MOLB 2021, PHYS 1050, PHYS 1110, STAT 2000, STAT 3050, or ZOO 3600.

d One of the following **restricted enrollment** (seminar or writing intensive) courses is required for UW psychology majors:

PSYC 4060	History and Systems	PSYC 4380	Death and Dying
PSYC 4150	Cognitive Development	PSYC 4390	Personality Science
PSYC 4220	Psychopharmacology	PSYC 4440	Principles of Psychological Testing
PSYC 4250	Psychological Aspects of Chronic Illness	PSYC 4740	Advanced Social Psychology
PSYC 4320	Intellectual Disability	PSYC 4860	Seminar
PSYC 4350	Psychology of Adulthood
