This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation, and consult with an academic advisor. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the *University Catalog* and consult with their academic advisor to plan accordingly.

University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U. • University Studies Program (USP) Human Culture (H) and Physical & Natural World (PN) courses must be taken outside of the major subject, but can be cross-listed with the major.

College of Engineering and Applied Science requirements:

Students must have a minimum cumulative GPA of 2.0 in all engineering courses for graduation. • A grade of C or higher is required for all prerequisite courses. Students must also achieve a grade of C or better in all required mathematics courses.

Mechanical Engineering Program Notes:

Degree candidates must meet academic requirements of the college and have an minimum grade point average of 2.00 (C) in all mechanical engineering courses completed at UW. A grade of C- or better must be earned in all engineering science and required math courses.

Mechanical Engineering Program Notes con't:

^ **Mechanical Engineering Success Curriculum.** The Mechanical Engineering Success Curriculum must be successfully completed prior to enrolling in any upper division (3000-level or above) courses taught by the Mechanical Engineering Department. A student must earn a minimum 3.0 gpa in these 10 courses. AP courses are excluded from the gpa calculation, but grades transferred from other institutions will be used in evaluating the success curriculum gpa.

* Requires MATH ACT ≥ 23 , MATH SAT ≥ 600 , Math Placement Exam ≥ 3 , or concurrent enrollment in MATH 1400, 1405, or 1450. (University standard)

** Requires MATH ACT ≥ 27 , MATH SAT ≥ 600 , Math Placement Exam ≥ 5 , or $\geq C$ in MATH 1405 or 1450. (University standard)

*** The **math/science elective** must be chosen from a department approved list. The list can be found at www.uwyo.edu/mechanical/undergraduate%20students/2014-2015/electives%202014-2015.pdf Please consult with an academic advisor.

**** **Mechanical Engineering Elective:** Choose from any upper division mechanical engineering course or EE 4620 (Automatic Control Systems).

***** The **business elective** must be chosen from a department approved list. Please consult with an academic advisor.

***** The **technical elective** may be selected from any engineering course or approved math/science or business course. Please consult with an academic advisor.
