This degree program permits a total of 60-70 credits in the major. It is designed primarily for those desiring to pursue professional education courses and certification to programs.

* The department recommends that a foreign language be taken to fulfill UW's general studies human culture (H) requirement. However, if American Sign Language is taken, other courses will need to be identified to fulfill the H requirement.

** Students participating in the London Semester will take a course while in London that will fulfill the requirements for THEA 2020.

*** If a student does not participate in the London Semester, course options for the semester should be discussed with the academic advisor.
