PSYC	2340	Abnormal Psychology ****		3	C	
Credit hours subtotal:				<b>14</b>		

This is a guide for course work in the major; actual course sequence may vary by student. Please refer to the online student degree evaluation, and consult with an academic advisor. • Not all courses are offered every semester and some electives may have prerequisites. Students should review the course descriptions in the *University Catalog* and consult with their academic advisor to plan accordingly.

### University of Wyoming requirements:

Students must have a minimum cumulative GPA of 2.0 to graduate. • Students must complete 42 hours of upper division (3000-level or above) coursework, 30 of which must be from the University of Wyoming. • Courses must be taken for a letter grade unless offered only for S/U. • University Studies Program (USP) Human Culture (H) and Physical & Natural World (PN) courses must be taken outside of the major subject, but can be cross-listed with the major.

### College of Arts and Sciences requirements:

Students must take two "core" courses in addition to the USP requirements: Diversity in the United States (ASD) and Global Awareness (ASG). • No more than 60 hours in the major subject may be used toward the 120 credit hours required for graduation. • At least 30 hours in the major subject must be completed with a grade of C or better (the major may require more).

### Psychology Program Notes:

A minimum of 33 hours in psychology are required for majors but the total cannot exceed 60 hours. • Eighteen (18) of these psychology credit hours must be at the 3000-level or above to graduate. Also, the upper division courses must be taken from at least two different members of the psychology department faculty listed in the *University Catalog*. • All major courses require a grade of C or better to graduate.
