VISION

The Division of Academic Affairs will successfully and inclusively promote excellence in instruction, learning, research, scholarship, creative activity, outreach, and engagement in support of the University's aim to bring Wyoming and Western intelligence, energy, resolve and innovation to the economic, social and environmental challenges of today and to create a thriving, diverse, equitable and sustainable world for tomorrow.

MISSION

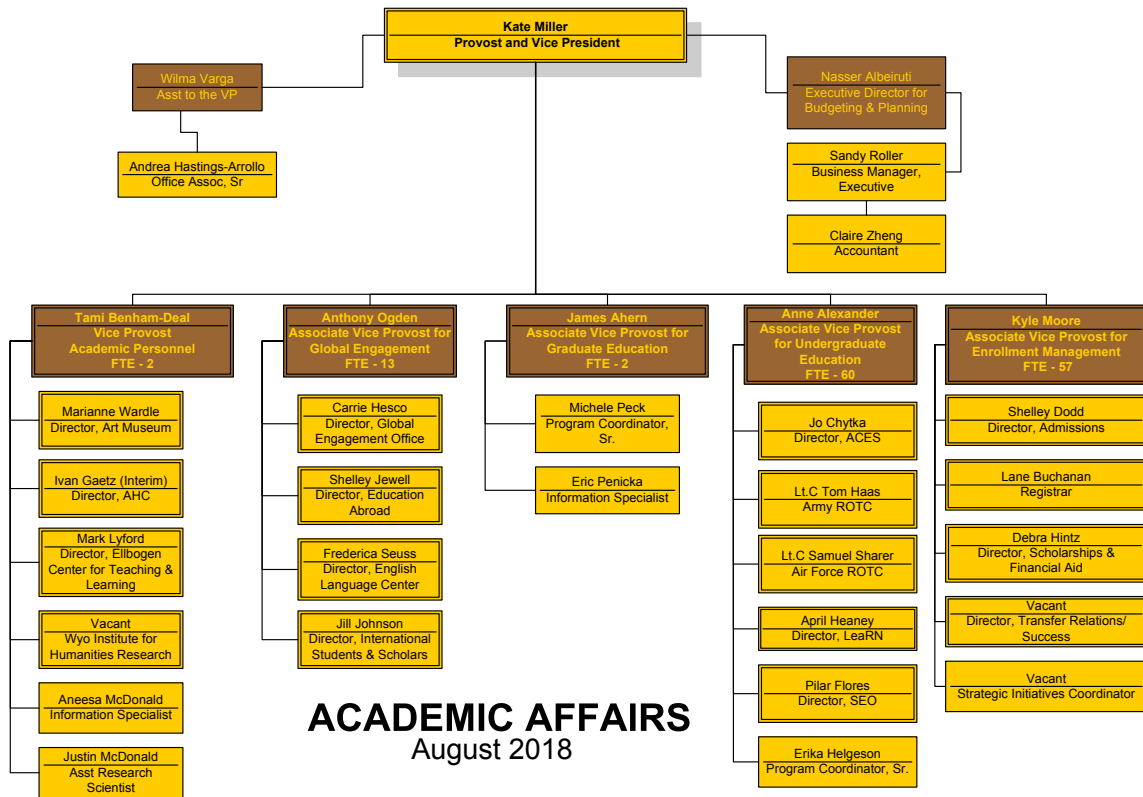

The Division of Academic Affairs oversees and provides leadership for all academic personnel and programs, enrollment functions, education of students and comprehensive internationalization at the University of Wyoming. The Division assumes responsibilities for:

- Recruitment and retention of students who will have encountered the frontiers of scholarship and creative activity and who will be prepared for the complexities of an interdependent world upon graduation as well as gainful employment or graduate school;
- Recruitment, retention, and professional development of outstanding faculty and academic leaders in order to build and sustain expertise and excellence among academic personnel in all aspects of their work;
- Promoting and embracing continuous improvement by guiding development of academic programs, and curricula, supporting diverse modalities of instruction, and monitoring for academic quality and student success;
- Promotion of interdisciplinary approaches to academic work and student learning;
- Sustaining a workplace environment that values and manifests diversity; internationalization, free expression, academic freedom, personal integrity and mutual respect;
- Guidance of comprehensive internationalization efforts, including growing faculty engagement in international teaching and scholarship, internationalization of the curriculum, enhancing student and scholar mobility, and deepening international collaborations and partnerships.
- Sustaining and elevating academic standards, integrity and reputation.
- Helping to build a better resourced and more highly functioning university by growing enrollment, pursuing alternative revenue streams, enhancing academic management functions, improving budgeting and planning, and embracing transparency and shared governance in operations and in development of policies and procedures.
- Direction in collection, analysis, and dissemination of data to inform academic decision-making.

The Provost and Vice President for Academic Affairs' team carries out these responsibilities through collaborations with the academic deans and directors, academic unit heads, university committees, taskforces, the faculty, as well as other divisions of the university. We hold that mutual responsibility, accountability and respect among our units and our people drives our success.

ORGANIZATION OF THE DIVISION

OPERATING PRINCIPLES

We:

- Approach all decisions with the students' perspective at the forefront.
- Craft an environment where innovations are realized.
- Draw on data to drive continuous improvement.
- Advance disciplinary and interdisciplinary academic excellence
- Communicate clearly and dependably to all of our stakeholders
- Deploy our resources responsibly and strategically
- Prioritize the economic and educational needs of the State.

GOAL ONE

INCREASE RECRUITMENT, RETENTION AND DEGREE COMPLETION FOR ALL STUDENTS

- Implement, assess, and refine a marketing and management strategy to improve recruitment and substantially grow enrollment of undergraduate, graduate, and professional students.
- Develop, assess, and refine a professional advising program based on national best practices.
- Expand programming for the first-year experience, increase availability of high-impact learning opportunities, and implement co-curricular transcripts.
- Lead a continual focus on academic management, to include: streamlining the class schedule, improving course availability, and implementing routine degree planning for students, to enhance retention and reduce time-to-graduation.
- Support students entering UW from the community colleges, the workforce, or after a hiatus, by providing more pathways to completing a Bachelors' degree.
- Recruit, retain, and support a diverse and inclusive student body by ensuring a welcoming environment and promoting a sense of belonging and community on campus.
- Support the success of graduate and professional students through new services provide by an Office of Graduate and Professional Education.

GOAL TWO

RECRUIT AND RETAIN A DIVERSE COMMUNITY OF OUTSTANDING FACULTY AND ACADEMIC LEADERS AND FOSTER THEIR PROFESSIONAL DEVELOPMENT

- Collaborate with university partners to recruit and retain high performing academic personnel from a diversity of backgrounds
- Provide opportunities and resources for career development and advancement at all academic levels
- Establish the Institute for Innovation in Instruction and Assessment (I3A) by integrating the Ellbogen Center for Teaching and Learning, the Office of Distance Education Support, and University Assessment
- Support faculty and collaborate with the Office of Research on professional development and training for faculty related to grant writing, including facilitation of development of proposals to major interdisciplinary funding programs.
- Provide explicit incentives in faculty workload and evaluation documents to better reward and promote interdisciplinarity, internationalization, entrepreneurship, and community engagement.
- Foster and reward outstanding performance by instituting and conferring a series of excellence awards for faculty and academic leaders annually.

GOAL THREE

PROMOTE AND EMBRACE CONTINUOUS IMPROVEMENT BY GUIDING DEVELOPMENT OF ACADEMIC PROGRAMS AND CURRICULA AND MONITORING THEM FOR ACADEMIC QUALITY, PRODUCTIVITY, AND STUDENT SUCCESS

- Use the Higher Learning Commission reaccreditation process as an opportunity to foster institutional effectiveness and continuous improvement.
- Support systematic external review of academic units to use as a basis for evolving the portfolio of degree programs and certificates.
- Evolve a portfolio of innovative programs and certificates that prepare students for careers of importance to the region's economic and social well-being
- Expand distance offerings of undergraduate, graduate and professional degrees and certificates, including completion degrees designed for students with substantial college credit.
- Infuse career readiness into academic advising, curriculum and the student experience.

GOAL FOUR

GOAL 4: SUSTAIN AND ELEVATE ACADEMIC STANDARDS, INTEGRITY AND REPUTATION IN AN ENVIRONMENT THAT VALUES AND MANIFESTS DIVERSITY, INTERNATIONALIZATION, AND MUTUAL RESPECT

- Collaborate with University partners to elevate expectations for research and creative activities.
- Create a strong culture of scholarly activity across disciplines by supporting existing areas of strength as well as leading edge areas of opportunity.
- Collaborate with University partners to support tech transfer, intellectual property, and patent development
- Develop the Honors College
- Revise existing policies and integrate best practices into an honor code, in collaboration with Student Affairs.
- Grow enrollment of international students and engagement of faculty international teaching and scholarship, as well as increase student participation in education abroad

GOAL FIVE

GOAL 5: BUILD A BETTER RESOURCED AND MORE HIGHLY FUNCTIONING DIVISION

- Collaborate with University partners to design and implement an incentive-based budget model
- Partner with the UW Foundation to create or increase endowments and programmatic funding for academic centers, and graduate education.
- Improve business practices throughout the Division
- Establish Standard Administrative Policies and Procedures that are based on sound principles, provide clarity and are relevant and meaningful for contemporary university.
- Implement communication processes, incorporating Universal Design, that provide timely, accessible, transparent information to academic units, students, faculty and staff.
- Collaborate with University partners on institutional data governance to ensure accurate, accessible academic data that is easily integrated across the University's information systems and support strategic decision making in academic units.
- Develop and implement annual department and college "scorecards" to measure progress.
