DELIVERED: Cleaning Supplies for Fall Semester 2020

Previously, Financial Affairs communicated that some cleaning supplies have been centrally ordered by UW. One of these items were cleaning kits for each department, which include spray bottles, disinfectant spray, paper towels, disposable masks, Kleenex, 16 oz bottles of hand sanitizer, and face shields (if requested).

All cleaning kits for departments have been delivered as of Tuesday, August 18.

Financial Affairs and Operations worked with your department’s Cost Center Approver on the delivery location for your units supplies. A big thank you goes out to our Cost Center Approvers for their willingness to help distribute.

What about specific items beyond the cleaning kit that were requested for my unit?
Some specific items that were requested by units (such as sneeze guards) will be delivered throughout this week.

What if I need more items or I need a refile on items?
If you feel you need more items or need a refill on items in the coming weeks, please submit a request to UW Operations via the work order request.

Recall from a prior communication, that we have ordered lots of cleaning supplies ordered for campus if you would like additional supplies.
