The University of Wyoming offers more than 200 academic programs to nearly 14,000 students from all 50 states and more than 95 countries.

UW is a nationally recognized land-grant research institution with accomplished faculty, state-of-the-art technology and world-class facilities. Wyoming is the only state with one four-year university. This provides students with the amenities and experience of a large state school combined with the personal, intimate setting of a smaller school—a place of education like no other.

We are committed to quality through our small class sizes, which average 30 students with a 14:1 student-to-faculty ratio.
The University of Wyoming is located in the beautiful college town of Laramie, Wyoming, nestled between two mountain ranges. Laramie is home to 31,000 people, providing a welcoming, friendly and safe community for international students. Throughout the year the Laramie community is supportive of UW students. The city sponsors several fun events including pep rallies, concerts and outdoor adventures.

The state of Wyoming is famous for endless recreational opportunities and natural beauty, including Yellowstone National Park and the Grand Tetons. Laramie is located 2,200 meters above sea level with a dry climate and over 320 days of sunshine per year. Summer temperatures range from 15-28 °C. Winter months are cooler with snowfall, but temperatures can climb to 18 °C.

Summer temperatures: 15-28 °C • winter temperatures can climb to 18 °C

large city amenities • small-town feel • friendly, vibrant community

The Wyoming Union serves as the hub of campus, providing services and programs for students outside the classroom. It is a place to relax, eat, socialize with friends and participate in fun activities. The Union is also your source for campus events and tickets, and the place to purchase textbooks and brown and gold attire. uwyo.edu/union and uwyostore.com

On-campus living and dining is an important piece of your overall education, growth and college experience. The residence halls provide an environment that supports your personal and academic success all within a short walking distance from our main campus or a quick bus ride on our free UW transportation services. First-year undergraduate students are required to live in the UW Residence Halls their first year.

Washakie Dining Center offers a welcoming and warm environment in campus dining.

The UW Residence Halls are connected to Washakie through nice, open underground tunnels. The halls include a lower level community area with cozy fireplaces, a computer lab and study rooms.

University Apartments provide housing for families, married couples and single parents. uwyo.edu/reslife-dining
Get Involved
Whether you want to ski the slopes of the Rocky Mountains, join one of the 250+ Recognized Student Organizations, be an active volunteer in your new community, or dance the night away at concerts held by top entertainers, you will find plenty of action outside the four walls of UW's classrooms.

"I really like the low student-to-faculty ratio."

ISS awards $80,000 in scholarships to international students each year.
In addition to traditional career fields like production agriculture, animal and veterinary sciences, wildlife habitat, and farm and ranch management, our degrees can lead to stimulating careers in advertising, banking, genetics, nutrition/dietetics, and textiles and merchandising. • Awarded over $365,000 in scholarships to 180 students in 2014 • Largest program in Rangeland Ecology in the nation • “Beyond the Classroom” program offers grants to students for international study and travel

College of Arts and Sciences uwyo.edu/as
By studying the arts, you will prepare for “complete living” and acquire the communication, writing and analytical skills for whatever path your career takes. • Physics and Astronomy Department operates 3 state-of-the-art observatories in and near Laramie • New Visual Arts Center features 79,000 square feet of studio space and new technology for work in many different media • New $35 million Buchanan Center for the Performing Arts includes new spaces for exceptional dance, theater, and music

College of Business uwyo.edu/business
The new $54 million College of Business building features behavioral and multimedia labs, an executive boardroom and many other amenities including high-definition playback and projection systems in every classroom, financial data feeds, a wall-to-wall stock ticker and much more. • An AACSB International accredited institution—an industry standard of excellence achieved by fewer than 5% of business schools in the world • Students consistently rank amongst the most accomplished in the nation—the senior class places in the 95th percentile in a standard exit exam

College of Education uwyo.edu/education
With an on-campus lab school, the College of Education provides students hands-on learning with all students teaching and shadowing in the classroom starting their sophomore year. • Awards over $25,000 in scholarships yearly • 94% of students pass the PRAXIS (Elementary Education and Secondary Social Studies exams) • Celebrated its 100th anniversary in 2014

College of Engineering and Applied Sciences uwyo.edu/ceas/
Working for Wyoming and the world, the College of Engineering and Applied Sciences is a nationally recognized, world-class research college with ABET accreditation. • Awarded 375 merit-based scholarships last year • 6:1 student to faculty ratio (4th lowest in the country) • 64% of graduates report a starting salary greater than $50,000

College of Health Sciences uwyo.edu/hs
The College of Health Sciences is promoting excellence in health and human services through teaching and research. Now is an exciting time to enter the health care profession. • 100% job placement for Speech Language Pathology graduates • Pharmacy students provide direct care to patients

College of Law uwyo.edu/law
The UW Law program has been an ABA approved law school since 1923, providing students exceptional training and experiential learning. • Legal Writing Program ranked Top 15 in the Nation • Hands-on legal training with an opportunity to practice law during your final year

Haub School of Environment and Natural Resources (ENR) uwyo.edu/haub
Advances the understanding and resolution of environment and natural resource issues through innovative interdisciplinary teaching, collaborative decision making support, and dissemination of sound research and information. • Hands-on field experiences throughout Wyoming and internationally • All ENR students participate in real-world internships

School of Energy Resources (SER) uwyo.edu/ser
Directs and integrates cutting-edge energy research positioning Wyoming as a global leader in energy education, research and outreach. • Located in UW’s new $25.4 million Energy Innovation Center, a state-of-the-art research and collaboration facility • 94% job placement rate for Energy Resource Management & Development graduates • Active member of the U.S.-China Clean Energy Research Center Advanced Coal Technology Consortium, focusing on advancing energy research through international collaboration

91% of classes taught by faculty or professional lecturers
Research and Technology

Shell 3-D Visualization Laboratory combines high-resolution stereoscopic projections and 3-D computer graphics to create a virtual environment where researchers can analyze, interpret and share a wide variety of spatially related data. The Shell connects to one of the most powerful supercomputers in the country: The National Center for Atmospheric Research Wyoming Supercomputing Center. uwyo.edu/ser/building/3-d-cave.html

Wyoming’s Supercomputing Center is one of the nation’s largest computing resources dedicated to research and education with the National Center for Atmospheric Research. Students will have access to these computing resources as they address problems important to Wyoming, the U.S., and beyond through enhanced modeling and visualization. uwyo.edu/nwsc

Drilling simulator teaching lab provides students and professionals with a full simulated experience of drilling oil reservoirs. uwyo.edu/ser/building/laboratories.html

Wyoming’s Experimental Program to Stimulate Competitive Research (EPSCoR) is a program funded by the National Science Foundation to support undergraduate research and increase national research competitiveness. uwyo.edu/epscor

Wind Energy Research Center: internationally recognized program for conducting wind energy related research and education. uwyo.edu/werc

IT Support

UW is committed to providing access and support to technology in all areas of campus. The majority of campus buildings offer wireless connectivity and staffed computer labs with a high-speed data network. Adaptive technology ensures accessibility for students with disabilities. uwyo.edu/infotech/services

Honors Program

The Honors Program provides exciting challenges and engaging experiences for undergraduates to reach beyond the classroom. Benefits include priority course registration, exclusive scholarships, study abroad experiences and a full schedule of cultural and social activities.

Honors program graduates have been admitted to leading graduate schools including Columbia, MIT, Stanford, Berkeley, Princeton, Oxford and Johns Hopkins.

Honors applicants need one of the following: 28 ACT; 1240 SAT (combined math and critical reading); or unweighted GPA of 3.7. Students transferring to the University of Wyoming should have at least four semesters left and a cumulative college GPA of 3.25 or better. uwyo.edu/honors

The Shell 3-D Visualization Lab – taking hands-on learning to a whole new level

The Honors Program awards over $200,000 in scholarships annually!
GPA              ANNUAL AWARD
3.0 - 3.39        $3,000
3.4 - 4.0          $5,500
To be considered for Rocky Mountain Scholars Awards, student must confirm by May 1.

Awards up to $5,500 in yearly scholarship support to all eligible new, first-year undergraduate students. Students are automatically considered with their application to UW. Support is based on the student’s cumulative high school grades. To be considered, you must apply and confirm enrollment by the deadline.

Undergraduate Students
Tuition & Fees: $15,711
Room & Board, Books: $12,993
