THERE'S NO PLACE LIKE WYOMING

The University of Wyoming, established in 1886 and still the only 4-year university in Wyoming, is a land-grant institution where innovative research and the pursuit of academic excellence take place within a safe, close-knit community. Just like the state of Wyoming, UW is both big and small. Wyoming, known worldwide for its beauty, is full of wide-open spaces and magnificent mountain ranges, and UW echoes these spaces in the scope of its innovation, its energetic ambition to better the global community, and its world-class facilities.

UW IS HOME TO

14,000 STUDENTS

FROM ALL

50 U. S. STATES

90 COUNTRIES

200 ACADEMIC PROGRAMS

15:1 STUDENT-TO-FACULTY RATIO
Although Wyoming is the 10th-largest state in the USA, it has the smallest population, creating tight-knit communities around the state that band together for progress. In the same way, students and faculty at UW work together towards a greater future, meeting in small classes and enjoying a 15:1 student-to-faculty ratio.

Nearly 14,000 students representing all 50 US states and 90 countries come together between the Medicine Bow Mountains and Laramie Mountains in the beautiful Laramie Valley, studying in over 200 academic programs. Together, we celebrate the big and small things that make us great.
The University of Wyoming is located in the beautiful college town of Laramie, Wyoming, nestled between two mountain ranges. Laramie is home to 31,000 people, providing a welcoming, friendly, and safe community for international students.

Laramie is located 2,200 meters above sea level with a dry climate and over 320 days of sunshine per year. Weather is generally warm and dry during the summer, with temperatures ranging from 15-28 degrees. Winter months are cooler with snowfall, but temperatures can climb to 18 degrees.

Wyoming is known world-wide as an outdoor recreation destination, including both Yellowstone National Park and Grand Teton National Park.
Laramie’s downtown area hosts many festivals and parades throughout the year, including Laramie Jubilee Days, which draws thousands of people from around Wyoming and the USA for a week of live music, rodeo, and more. Downtown is also the scene for a thriving farmers’ market during the summer and fall months and has many delicious restaurants, ranging from vegan and vegetarian fare to American food and food from around the world. You’ll also find many coffee shops and hangouts where you can gather to study or just relax with friends.
Living on campus is convenient, fun and safe. Students live in the residence halls their first year in an environment that supports personal and academic success all within a short walking distance from central campus or a quick bus ride on our free UW transportation services. Students can participate in Freshman Interest Groups (FIGs) to live and learn with students interested in the same theme or enrolled in the same major. Dining at the Washakie Center or 10 other options around campus includes a multitude of choices, including vegan entrees and international cuisine. Also, University Apartments provide comfortable housing for upperclassmen students and families. uwyo.edu/reslife-dining

The small-town atmosphere of Laramie and the close-knit community of the university make campus a very safe place for students. The UW Police Department is dedicated to providing quality law enforcement service to the community 24 hours a day, 365 days a year. uwyo.edu/uwpd
Join one of UW’s 250+ Registered Student Organizations, including the International Student Association, groups for students from specific countries or regions of the world, and organizations focused on specific interests such as sustainability, sculpture, film, robotics, and more. uwyo.edu/rso

Serve your community and the world with the Center for Student Leadership & Community Engagement (SLCE). Last year, UW students volunteered 185,000 hours in Laramie, around the USA, and throughout the world! uwyo.edu/slce

There is never a shortage of things to do at UW. Multiple organizations on campus organize fun events including concerts, poetry slams, pre-screenings of popular TV shows, comedians, film festivals, outings to professional sports matches, and more. uwyo.edu/cac
An education at UW gives you the opportunity to learn from some of the most creative minds in the world. The Excellence in Higher Education Endowment brings Pulitzer Prize, Tony, and Grammy Award-winning visual artists, writers, musicians, choreographers, and composers as eminent professors-in-residence to UW.
Experience the passion of NCAA Division I college sports and take part in the tradition and pride of Wyoming Athletics. Cheer on the Cowboys and Cowgirls as they compete against regional rivals and national powers in the Mountain West Conference. Students are the backbone of Wyoming’s home advantage and receive exclusive seating benefits by taking part in the Stampede. gowyo.com

INTRAMURAL SPORTS

22
CLUB SPORTS TEAMS

NEW
$27
MILLION
HALF-ACRE RECREATION FACILITY

40+
THE OUTDOOR PROGRAM OFFERS
FUN & EDUCATIONAL TRIPS, CLINICS & PROGRAMS EACH SEMESTER
UW’s brand new $27 million recreation facility enhances students’ education, giving students access to a wide variety of cardio and weight training equipment, an indoor track, swimming pool, free group fitness classes, indoor sports courts, and an 11.5 meter tall climbing wall.

uwyo.edu/rec

Don’t just spectate! Compete in a wide variety of club and intramural sports, including soccer, badminton, table tennis, cricket, equestrian, rugby, and more.

uwyo.edu/clubsports

Get outside! The Outdoor Program facilitates over 40 fun and educational trips, clinics, and programs each semester and offers a wide selection of outdoor rental equipment, helping students explore the beautiful environment around Laramie and the Mountain West.

uwyo.edu/op
With world-class faculty, a small student-to-faculty ratio, and innovative programs like the Wyoming Research Scholars Program, undergraduate students are able to participate in groundbreaking research and be mentored by distinguished faculty members even during their first year. uwyo.edu/wrsp

The new $50 million Michael B. Enzi STEM Facility shifts science, technology, engineering, and math learning to an innovative active-learning studio environment, with flexible, state-of-the-art classrooms that allow lecture, lab and discussion portions of courses to occur simultaneously.

The Honors Program provides exciting challenges and engaging experiences for undergraduates to reach beyond the classroom, as well as providing exclusive scholarships for top-performing students. Honors Program graduates have been admitted to leading graduate schools including Columbia, MIT, Stanford, Berkeley, Princeton, Oxford and Johns Hopkins. uwyo.edu/honors
UW’s world-class facilities and partnerships give students the opportunity to participate in cutting-edge research, whether it is investigating how planets form at Wyoming’s Supercomputing Center; researching cloud physics with UW’s King Air research aircraft; understanding deep learning, neural networks, and robotics in the Evolving Artificial Intelligence Laboratory; or exploring topics in the biological, physical, and social sciences in the Greater Yellowstone Ecosystem at the University of Wyoming – National Park Service Research Station in Grand Teton National Park.
Undergraduate Degree Programs + Options

**College of Agriculture & Natural Resources**

Agricultural Business (B.S.)
- Farm & Ranch Management
- International Agriculture
- Livestock Business Management
- Range Livestock

Agroecology (B.S.)

Animal & Veterinary Science (B.S.)
- Animal Biology
- Business
- Communication
- Equine Sciences
- Meat Science & Food Technology
- Pre-Veterinary Medicine
- Production
- Range Livestock

Family & Consumer Sciences (B.S.F.C.)
- Design, Merchandising & Textiles
- Didactic Program in Nutrition & Dietetics
- Human Development & Family Sciences
- Human Nutrition & Food Professional Child Development

Microbiology (B.S.)

Molecular Biology (B.S.)

Organizational Leadership (B.A.S.)

Rangeland Ecology & Watershed Management (B.S.)

**College of Arts & Sciences**

Agricultural Communications (B.S.)
- Ceramics

*Tuition and fees based on 15 credits per semester
**Room and board based on double occupancy and unlimited meal plan

**COMPETITIVE COLLEGE & DEPARTMENT SCHOLARSHIPS**

To learn more, please visit uwyo.edu/sfa/scholarships.

Scholarship deadlines vary, and scholarships will be awarded once a month as funds allow, so please apply early. Also, you must be admitted to UW before applying for other scholarships.

**Deadlines**
- **Fall semester** (begins late August): all application materials must be received by June 1
- **Spring semester** (begins mid January): all application materials must be received by November 1
- **Summer semester** (begins mid May): all application materials must be received by April 1

**Application Process**
- Complete online application at www.uwyo.edu/apply by the deadline above
- **$40 Application Fee**
- **Certified and Attested Transcripts:**
  Required academic records (mark sheets, transcripts, exam results, certificates, etc.) must be original or certified true copies sent by the school or testing agency in a sealed envelope. All records should be submitted in the native language and accompanied with an official English translation.
Despite being a relatively small campus, UW has a very diverse student population which enhances the academic atmosphere. I’ve had the opportunity to work closely with some of the professors and learn more about their research.

- Reenu Paul
- Chennai, India

**ASSISTANTSHIPS**

Assistantships are available in a number of fields, involving duties such as instructor, reader, laboratory assistant and other teaching responsibilities.

Assistantships include tuition and fee reductions which vary.

Contact your department for more information.

---

**SCHOLARSHIPS**

International Students and Scholars also accepts scholarship applications for international students who have successfully completed some courses at UW!
Going to school in Wyoming is a smart choice, the cost of education is less expensive here than the national average. Also, in my personal experience a good, high-quality education does not correlate to its cost.

- Carlos Uriel Garcia Santiago
- Oaxaca, Mexico
- M.S. Counseling
Punit Soni
- Bangalore, India
- M.S. Electrical Engineering, 2000
- Chief Product Officer, Flipkart
- Previously led Mobile Apps group at Google, which developed Gmail, Chat, YouTube, Calendar, Search, and Maps Google Apps

“I worked with some of the best professors in the trade and learned a lot of the basics of electrical engineering from them. It’s what got me my first break. If not for (my education at) Wyoming, I would not be doing the kind of work I get to do today.”

Amy Phan
- Ho Chi Minh City, Vietnam
- B.S. Physiology, 2014
- Medical Translator and Interpreter, Franco-Vietnamese Hospital
- Former President of UW's International Student Association

“I was born as a city girl so honestly, I experienced a bit of culture shock when I first came to Wyoming. However, the longer I lived there, the better I realized how wonderful Laramie and Wyoming were. No matter where I am in the future, Laramie will always be my second home.”
Leslie Wong

- Singapore
- Master of Music, 2012
- Lecturer of Saxophone at Nanyang Academy of Fine Arts and School of the Arts, co-founder of Amigo Saxophone Quartet, and Administrative Director of the Asia Pacific Saxophone Academy

“During my search for a school, I started emailing back and forth with my future professor at UW. He always replied promptly and answered my questions thoroughly, even before I came to Laramie. This kind of personal attention exemplified my experience at UW. The advice my professors gave me and my experience at UW helped instill in me a passion for helping the students that I currently am teaching in Singapore.”
The International Students and Scholars Office staff is committed to helping international students with their transition to UW and their success while they are here in Laramie.

ISS offers admission, immigration, personal, and academic support, as well as supporting the many international organizations on campus. The ISS office also awards over $60,000 in scholarships to eligible international students who are currently attending UW. uwyo.edu/iss

UW provides a full range of academic support for students, ranging from free tutoring to career counseling and services. Each student at UW is assigned a personal academic adviser. Advisers help promote academic success by assisting students in registering for classes, maintaining excellent progress toward their degree and by steering students to beneficial academic resources.
