8 Concentrations, 2 Departments

Food Animal Industries
- Production
- Business
- Range Livestock
- Meat Science & Food Technology
- Communication

Equine Science
- Major & Minor Available
Animal & Veterinary Sciences:
Pre-Veterinary Medicine Option

Veterinary, Graduate, Professional School
- Pre-veterinary Medicine
- Animal Biology
  - Rigorous biomedical curriculum

Opportunities
- Practice
- Field Work, Internships and Experience
- Research
- Student Employment
- Pre-Veterinary Medicine Mentoring Center

Facilities
- State Veterinary Laboratory
- Livestock Center
- Wildlife-Livestock Health Center
- Meat Laboratory
- Research Labs
Family & Consumer Sciences

Human Nutrition & Food
- Dietetics
- Pre-Medicine

Human Development & Family Sciences

Design, Merchandising & Textiles
Microbiology

- Food Safety & Water Quality
- Infectious Diseases
- Plant Pathology
- Microbial Physiology

- Immunology
- Microbial Diversity, Evolution, & Ecology
- Molecular Genetics & Bioinformatics
Molecular Biology

- Biochemistry
- Cell & Molecular Genetics
- Computational Molecular Biology
- Microbiology
- Pre-professional Opportunities
Rangeland Ecology & Watershed Management

- Application for livestock grazing, wildlife habitat, recreation & water productions
- Reclamation & Restoration Ecology
- Accredited by Society for Range Management
- Field Studies
- Internship Opportunities
Interdisciplinary / Affiliate Programs

- Earth Systems Science with a concentration in Soil Science
- Environment and Natural Resources
- Concurrent Programs
  - Agricultural Education
Office of Academic & Student Programs

Dr. Warrie Means
Interim Associate Dean

Sarah Kauer
Internship Coordinator

Our Office
• Advising
• Scholarships
• Internships
• Job Opportunities

Bobby Dorvall
Recruitment Coordinator
