Optional Facility Tour Information

Selected areas and programs on campus will open their facilities for optional tours. Interested students must sign up for these tours during event check-in. Those students participating in the Nursing Visit Day will not be able to participate in an optional facility tour.

3-D Visualization Center
The Energy Innovation Center's Shell 3-D Visualization Center (Viz Center) proudly houses the only four-walled, 3-D CAVE (Cave Automatic Virtual Environment) in Wyoming. The Viz Center combines high-resolution stereoscopic projections and 3-D computer graphics to create a virtual environment where researchers can analyze, interpret and share a wide variety of spatially related data. One of the laboratory’s many capabilities is its ability to model oil, gas, and water movements and interactions in the subsurface environment, which will aid researchers and energy companies in deriving maximum value from their mineral resources. Please note that this tour is limited to 15 guests.

Cheney International Center
The Cheney International Center houses the Department of Global and Area Studies, the International Programs Office, and the International Students and Scholars Center. UW Study Abroad offers more than $200,000 in annually awarded scholarships, with 70 exchange partners and 140 locations available. With the single largest study abroad scholarship endowment of any public college or university in the U.S., there are many options to make studying abroad affordable. Please note that this tour is limited to 30 guests.

College of Business
Opened in 2011, the College of Business building provides state-of-the-art technology and classroom space, including a multimedia lab, experimental/behavioral lab and stock trading room. With a total area of 165,000 square feet, the building was the first state-funded building to reach LEED Gold Certification. In addition to the fantastic facilities, the College of Business is one of only approximately 400 business schools in North America (out of more than 1,300 business schools) accredited by AACSB International. AACSB International's accreditation assures quality and promotes excellence and continuous improvement in undergraduate and graduate education for business administration. Please note that this tour is limited to 30 guests.

College of Nursing
The University of Wyoming Fay W. Whitney School of Nursing Clinical Simulation Center features top-of-the-line high-fidelity simulation manikins, simulated exam rooms, and simulated patient rooms (including OB and pediatric) with observation decks. The facilities and manikins are designed to help students safely learn a variety of nursing skills, test their critical thinking through simulations, and enter the clinical setting ready to take on the challenges of nursing. Please note that this tour is limited to 20 guests.

Wyoming State Veterinary Lab
This tour takes place at an off-campus location and has capacity for 20 people.

The mission of the Department of Veterinary Sciences is to help ensure that livestock, wildlife, and companion animals in Wyoming and the region are healthy through a combination of teaching, professional service, extension, and research activities. Our department operates the Wyoming State Veterinary Laboratory, a full-service diagnostic laboratory that has been accredited since 1989 by the American Association of Veterinary Laboratory Diagnosticians. Our laboratory provides testing and research services to veterinarians, animal owners and wildlife managers throughout Wyoming and the region. Please note that this tour is limited to 20 guests.
