Lieutenant Colonel Anthony R. Kusek
Commander and Professor of Aerospace Studies
Air Force Reserve Officer Training Corps Detachment 940
Hill Hall
Laramie, Wyoming 82072

Dear Future Wingman,

Thank you for your interest in Air Force ROTC and a potential future in the Air or Space Forces. As we all learned, nothing is for certain in these uncertain times. However, in the military you come to a point where you need to make a decision with the available information. So, we began making preparations for the arrival of new cadets and our academic year given the current limitation provided by the University of Wyoming. You will hear it often, "Flexibility is the key to Airpower!"

I cannot emphasize the importance of preparedness enough for the Air Force, whether it is for orientation or 25 years into a career, we expect the core value of "Excellence in all you do" to become a part of your life. Please review our link for "Fall 2020 Incoming Students" on <http://www.uwyo.edu/airrotc/>. If utilized fully, the "Inprocessing Docs" checklist will guarantee you are ready to enter our program. For our new cadet orientation, we found a facility large enough to provide social distance requirements, so we can meet you in person (with a mask). Now is your opportunity to plan and arrive to AFROTC fully prepared.

Since UWYO transitioned their orientation to a virtual format and eliminated in-person meetings, we are more than willing to meet via phone or Zoom. If you have questions, please feel free to contact our staff at 307-766-2338 or email afrotc@uwyo.edu. If you plan to enroll in AFROTC and have not spoken to a member of our staff, please make contact at the above to ensure we are ready to receive you.

For your awareness, the AFROTC offices are located on the first floor, north of Hill Hall. Hill Hall is on the northeast intersection of Grand Ave and 17th St near the south-center of campus.

I look forward to meeting you on Saturday, 22 August at 1300 (1 PM).

Sincerely

A handwritten signature in black ink, appearing to read "Anthony R. Kusek".
