

Michigan State University

Michigan State University (MSU) invites qualified candidates to apply for an Administrative Associate II position to serve as South Campus Animal Farms Manager on the MSU Campus in East Lansing, MI. This position will provide administrative oversight of the south campus animal farms. Works with the AgBioResearch (ABR) Director and Chairperson, Department of Animal Science (ANS) to balance farm operations with programmatic needs for research, teaching and outreach. Will take a leadership role in making recommendations about emerging farm issues, oversee farm managers and farm operations; manage overall financial operations.

Required: Knowledge equivalent to that which normally would be acquired by completing a four-year college degree program in animal science, agribusiness or related field; five years of related and progressively more responsible or expansive work experience in agriculture or agricultural business management, agriculture equipment, or supplies industry; or an equivalent combination of education and experience.

Desired: Ability to effectively communicate with faculty, administrators, and personnel both on- and off-campus; fiscal knowledge and experience. Prior practical experience in management of livestock operations.

Application: Position details and application information for posting #3044 can be found at: <https://jobs.msu.edu>.

MSU is an affirmative-action, equal-opportunity employer. MSU is committed to achieving excellence through cultural diversity. The university actively encourages applications and/or nominations of women, persons of color, veterans and persons with disabilities.
