

# Suggested Format for Final Paper

Animal and Veterinary Science Internship Program (ANSC 4550)  
University of Wyoming

Please prepare your final paper according to the following outline. The paper must be typed and should not exceed 10 double-spaced pages.

## I. Title Page

- List title of internship
- List name of cooperator and cooperators business or institution, as well as the direct supervisor
- List location of internship
- List name, major, year in school, dates of internship, semester enrolled in internship, internship credit hours

## II. Introduction

- Describe why you selected the internship
- Describe expectations prior to starting the internship
- Describe the internship generally

## III. Learning Experience

- Interaction with cooperator
- Interaction with others
- Responsibilities
- Specific learning experiences

## IV. Evaluation of the Internship

- Did the internship meet or exceed your expectations?
- Was the cooperator interested in your development?
- Describe attributes of the internship.
- Describe pitfalls of the internship.
- Would you recommend this internship experience to others?
- Did the internship experience change your outlook or approach to your education at UW?

## V. Appendices (optional; in addition to the 10-page limit)

- Include the resume that was submitted to the Cooperator
- Include weekly reports
- Include any writing or project that was completed during the intern

NOTE: This outline can also serve as the suggested format for the oral presentation, but feel free to individualize your presentation.
