To start the spring semester off, the Cowboy Battalion participated in the Spring Awards Ceremony. This event commemorated the accomplishments of Cadets of the past semester. Cadets are recognized for their successes in academics, physical fitness, and participation within the Battalion. Another key event is the Change of Command Ceremony as the outgoing commander transfers his duties to the incoming commander. The Spring Awards Ceremony inspires incoming Cadets to recognize the accomplishment they can have of the course of the upcoming semester.

Other accomplishments recognized were: 4.0 grade point average, 300 APFT score, Cannon Crew, and Color Guard participation. Cadets that met the specified requirements were recognized for their success and given a ribbon. Cadet Kasprisin was nominated and selected as Cadet of the Semester for his outstanding participation and leadership. In addition to individual achievements, extra-curricular activities were also acknowledged. The Ranger Challenge team and Ten Miler team were mentioned for their exceptional dedication and commitment to their respective team endeavors.

The Spring Awards Ceremony is a great event and the upcoming spring accomplishments will be awarded in the fall 2015 semester. Events like these give new Cadets the opportunity to compete and be successful during their Army ROTC training at the University of Wyoming, knowing their accomplishments will be rewarded.
