

College of Arts & Sciences Non-Western Courses						Fall 2015
<p>Please Note: Only the approved NW courses are viable choices for all A&S majors who need to complete this A&S Core requirement-both those following the 2003 University Studies Program and those following the previous 1991 USP requirements (courses from previous NW listings that have not been approved will not fulfill the NW requirement). In the USP column, the relevant 2003 USP codes are bolded. This compilation is only a reference. Verify accuracy of listings & updates in the "Look Up Classes" feature on WyoWeb. Consult the UW Catalog course descriptions for prerequisites.</p>
