

Who is my advisor?

Undeclared students are advised through the [Center for Advising and Career Services](#) (CACS), which is located in Knight Hall, room 222. Their phone number is 307-766-2398. Please call or stop by their offices to schedule an appointment.

Those students who have chosen a major within the college will be assigned an advisor by their department. This usually occurs during your first semester of studies. However, during summer orientation, you will most likely be advised by a department representative. To find the name of your assigned advisor, go to the Student Resources tab in WyoWeb and look in the Academic Profile box.

If you do not know who your advisor is or you'd like to contact the person responsible for advising in your department, please refer to the list of advising coordinators given here. For any issues you feel need to be taken outside your department, please contact Michell Anderson, Senior Coordinator of Student Advising, by emailing manders2@uwyo.edu or calling 307-766-2641.
