Title: Parks and recreation department

Codification Number:

Introduced: April 18, 1978

Thesis: Consolidation

Sponsor: Randy Tucker

1. Be it enacted by the Student Senate of the Associated Students of the University of Wyoming that it go on record as being opposed to the proposed consolidation of the Parks and Recreation Department with the Geography Department. Vice President Jakubauskas and the Board of Trustees should be informed of the student's negative views towards this proposed consolidation.

"Being enacted on____________________, I do hereby sign my name hereto and approve this Senate action".______________________________________ ASUU President
Senate Bill #1246 Justification

Discontinuation of the Parks and Recreation program as a separate department in the A & S College will harm the job prospects of all past and future graduates of the program. A Geography Degree does not stand up as well as a parks and Recreation Degree when competing for a job in the Parks and Recreation field. A Geography Degree is what all future Parks and Recreation majors would graduate with.

A discontinued program always looks bad for a person who graduated from that program, this is what all present and past UW graduates face from this reorganization.
