SUBJECT: Senate Resolution #1229

I have signed bill #1229, but a previous bill exactly like this one was sent to the Dean of the Ag college last year. The Ag. college, however, did not include an increase for this request. I think we might be wasting energy and clout lobbying for something the college itself didn't feel was viable. In order to be effective, we must lobby for items already on line, and therefore, I think we are asking an impossible task of the Lobby Committee.
