

SENATE BILL #1286

Title: Car registration Bill

Codification Number:

Introduced: December 11, 1978

Thesis:

Sponsor: Madine Johnson and the Parking Committee

1. Be it enacted by the Student Senate of the Associated Students of the
2. University of Wyoming that a student be required to register his/her car
3. only if he/she desires to park it on campus. Auto registration should
4. continue to be part of the beginning-of-the-semester student registration
5. procedure, but the auto registration station would no longer be a required
6. step for students who do not wish to park their cars on campus or who
7. do not own a car. The reasons for this are: (1) this will save time and
8. labor on the part of the campus police during registration; (2) this will
9. shorten the registration process for many students; (3) there is no need
10. for a student to register his car if he does not intend to park it on campus.

Referred to: NO recommendation from steering - push through
