Sponsor: Richard Shumate

1. Whereas the ASUW Student Senate represents a large number of 19 and 20 year olds living in Wyoming and whereas the Senate is fundamentally concerned with the protection and preservation of the legitimate rights and privileges of the aforementioned group, Be it resolved by the Student Senate of the Associated Students of the University of Wyoming that the Senate believes that a vast majority of 19 and 20 year olds in Wyoming are responsible individuals who deserve and appreciate the rights and privileges, specifically the privilege of consumption of alcoholic beverages, conferred upon them by the Wyoming Legislature, and the Senate humbly requests that the Legislature consider the possible unjust impact upon those rights and privileges before enacting any legislation revoking or curtailing those rights and privileges. Also, be it resolved that a copy of this resolution shall be sent to the Governor and all of the members of the Legislature and that the External Affairs Executive work to make this position known to legislators during the next Legislative session.
