

SENATE BILL # 1636

Title: The ASUW Student Fee Act

Thesis: Maintain the ASUW Student Fee as a constant percentage of in-state tuition.

Date: March 28, 1989

Sponsor: Ken Worley

1. Whereas ASUW currently funds many very worthwhile student programs; and
2. whereas ASUW is likely the best organization to start and fund programs
3. for students; and whereas the ASUW Student Fee has remained rather
4. stagnant for at least the last seven years; and whereas it is vital
5. that the ASUW continue to support and expand a variety of student programs
6. in an atmosphere of inflation and a fluctuating economy; and whereas as
7. the needs of the university in general, and thus tuition, grow, so do the
8. needs of the students and ASUW; be it enacted by the student senate of
9. the Associated Students of the University of Wyoming that beginning with
10. the Fall semester of 1990, the ASUW Student Fee increase or decrease
11. automatically, in direct proportion to resident student full time tuition
12. so that the fee remains a constant percentage of full time resident
13. tuition. Be it further enacted that beginning with the fall semester of
14. 1990, automatic calculation of the ASUW Student Fee will be initiated at
15. 6% of resident full time tuition, and shall remain constant at that
16. percentage barring changes initiated by the ASUW Senate.
