Senate Bill #1641

Title: Establishment of Graduate Student Council

Date: April 18, 1989

Sponsors: Suzanne Taheri, Doug Hecox, Chris Spooner

1. Whereas the ASUW Senate, as a legislative body representing the entire student body of the University of Wyoming, has a responsibility to see that the interests of all students are represented and that all students can participate in meaningful activities sponsored with their student fees; and whereas the concerns of these student may not always be expressed successfully to ASUW Senators; and whereas the creation of a Council would provide a forum to make their views more accessible to the ASUW Senate; be it enacted by the Student Senate of the Associated Students of the University of Wyoming that a Graduate Student Council, that would be open to all interested graduate students with an advisor from the ASUW Senate, be established to voice concerns of graduate students and to act as an advisory body to the ASUW Senate through an ex-officio position. Furthermore, be it enacted that the by-laws of the ASUW be amended at Article II, Section 6, Part B by adding "Graduate Council Representative."
