SUBJECT: **DEVELOPMENT OF RECYCLING PROGRAM (SENATE BILL #1675)**

I have attached the amended version of Senate Bill #1675 " Recycling Program Development". I feel this amendment makes the Bill much cleaner and stronger. By handling the recycling program in this fashion you will succeed in making a recycling program a stable ASUW funded and supported program. As you will see, this structure is also much more in line with the Constitution, ASUW Finance Policy, and Activities structure. Please support this version of the Bill during roll call vote.
