Senators:

I hereby notify the ASUW Senate that I have vetoed Senate Bill #1732, a bill to withdraw $49,600 from the reserve to be allocated for several specific projects named in the bill’s addendum.

The bill is being vetoed for the simple reason that the numbers do not add up. In the student attorney section of the addendum, the bill was amended to reduce the allocation from $6,500 to $4,500. The sum of the equipment is $4,886 not $4,500. From the best that I can reason, the error stems from the original proposal. In that proposal, the numbers add up to $6,886 not $6,500 as stated. The amendment to the bill simply reduces the incorrect number.

I feel it is important to consistently present our bills and resolutions such that they are of the utmost quality. It is easy to reason that the difference in the amounts could be readily absorbed by any unused portion(s) of the withdrawn reserve monies. This is because the proposed amounts are an estimate at best. However, this is not the procedure or reasoning that best represents the actions and intentions of the ASUW Senate.

Sincerely,

Travis W. Gentry
ASUW President
