Proposal for funding of Student's Right to Know Advertising Fund

This legislation is a way to keep students informed of what ASUW is doing in their name. Basically, it requires that ASUW put a weekly ad in the *Branding Iron* that will tell students where our meetings are, how they can get in touch with ASUW and most importantly, what action is being taken by the senate.

The reason this request is coming to F. A. is that currently the executive advertising budget seems to be on pace to just meet the needs of current requirements. The authors of this bill are adamant that money not be taken away from the R.S. O.'s portion of that fund. Based on the current amount in that fund, that scenario might become real if the bill mentioned is passed by the senate.

In addition, F. A. has been budgeted an additional $3,000 this year above what was budgeted last year. This fact, coupled with the aggressive accountability F. A. is holding R.S. O.'s to as far as justifying their expenses, suggests that F. A. might actually end the year with a small surplus at the end of the senate term.

Based on current estimates, there are about 23 more ASUW meeting this year. The bill limits the total amount of space to 15 column inches each week at a specially reduced rate of $5.60 per column inch. Therefore, using the formula \(23 \times 15 \times 5.6\) the estimated amount to fund the bill would equal $1,932.00 this year.
Therefore, the authors of this bill are requesting that Finance Appropriations authorize the transfer of $2,000 to the Executive budget so that the Students' Right to Know Advertising fund might become a reality this year.
