SENATE RESOLUTION #2521

TITLE: ASUW Statement Regarding Drastic Cuts and Divestment of State Funds from the Wyoming State Government and University Assessing and Mishandling of Student Fees

DATE INTRODUCED: October 18, 2016

AUTHORS: Senators Defebaugh, Kerbs, Wetzel, and Executive Ryan

1. WHEREAS, it is the duty of the Associated Students of the University of Wyoming (ASUW)

2. Student Government to serve our fellow students in the best manner possible; and,

3. WHEREAS, The Wyoming Legislature and Governor have made several cuts, totaling $41

4. Million in overall reductions to the supporting block grant to the University of Wyoming

5. (UW); and,

6. WHEREAS, the University President and administration reacted immediately in Fiscal Year

7. 2017 (FY17) to reduce $19 Million from the overall budget; and,

8. WHEREAS, these cuts are constituting a divestment causing extensive harm to the growth of

9. the overall educational mission of UW as Wyoming’s only

10. University; and,

11. WHEREAS, the President of the University responsibly reacted by invoking University

12. Regulation 6-41 creating the Financial Crisis Advisory Committee (FCAC); and,

13. WHEREAS, after continuously working since June, the FCAC has responded and heard from

14. employees, stakeholders, concerned UW community members, and students; the FCAC

15. has properly advised the President of the University as to where to make cuts totaling $10

16. Million for Fiscal Year 2018 (FY18); and,
17. WHEREAS, students at UW remain involved in the continual development and strategic
planning of the University; and,
19. WHEREAS the Wyoming Legislature’s divestment in the University for the past several
years is a matter of grave concern; and,
21. WHEREAS, the reduction of support from the State has resulted in growing costs for all
students attending the University in the form of tuition and student fees being charged; and,
23. WHEREAS, the reductions for FY18 put forth by the President of the University are an
overall reduction of operating costs at UW; and,
25. WHEREAS, the FCAC Revenue Enhancement Subcommittee has outlined an additional
proposed plan of raising an additional $10 Million in college-wide and programmatic fees,
27. student services, and fee replacements charged to all students and additionally to those
enrolled in specific “high cost” courses; and,
29. WHEREAS, an additional estimated $2 Million in revenue is likely to be generated through a
Board of Trustees proposed 4% tuition increase for all UW students; and,
31. WHEREAS, the ASUW Student Government is granted authority under University
Regulation 8-249 to create and implement a process for the annual review and
recommendation of all mandatory student fees; and,
34. WHEREAS, mandatory student fees are currently being collected, raised, and building
reserves across campus without the review and recommendation of the ASUW; and,
36. WHEREAS, the FCAC Revenue Enhancement Subcommittee’s recommendation includes
drastic increases to student fees; and,
38. WHEREAS, despite the fact that these recommendations would have severe impacts upon
students, no students were asked to be included as members of the committee or in the
40. formulation of any sort of plan; and,

41. WHEREAS, the ASUW Student Government has an established purpose of being accountable to our peers for proper representation and working with all departments across campus; and,

44. WHEREAS, the collection and budgeting of student fees on the UW campus is not transparent or easily accessible to students who do not inquire and go to great lengths to uncover all associated costs of attendance; and,

47. WHEREAS, Article 7, Section 16 of the Wyoming Constitution states that “the instruction furnished [from UW] shall be as nearly free as possible” and the current cuts are creating a divestment environment contrary to that mission; and,

50. WHEREAS, this in turn requires students at the University to be more dependent on federal loan money; and,

52. WHEREAS, UW is the only 4-year doctoral institution in the State,

53. and all of Wyoming should remain active, proud, and ready to support; and,

54. WHEREAS, the boom and bust cycle of Wyoming’s economy requires budgetary decisions that stress the importance of economic diversity as a solution to the cycle, which can be accomplished by investing in UW, its education, research driving modern jobs and diverse economic opportunities for the State, and revenue for all of Wyoming.

58. WHEREAS, The ASUW Student Government has witnessed tremendous student support for this Resolution as evidenced by Addendum A.

60. THEREFORE, be it resolved that the Associated Students of the University of Wyoming (ASUW) Student Government support the President of the University’s Fiscal Year 2018 (FY18) plan for reduction of $10 Million, as its reported to campus and presented to the
63. University Board of Trustees (BOT); and,

64. THEREFORE, be it further resolved that the ASUW Student Government explicitly does not
65. support any increase to University of Wyoming (UW) student college-wide and program fees
66. until the BOT charges all departments, programs, and University entities assessing
67. mandatory student fees to present accurate accounting of those charges to the ASUW Student
68. Government entailing their use and respective amount of any current reserves; and,
69. THEREFORE, be it further resolved that the ASUW Student Government calls upon
70. the BOT to create a University Regulation establishing a ceiling and floor on all
71. reserves being funded by student fees for transparency and accountability to University
72. students; and,

73. THEREFORE, be it further resolved that the ASUW Student Government recommends
74. no departments, programs, or university entities be allowed to assess any future
75. mandatory student fees without first demonstrating to the ASUW Student Government that
76. there is accountable and appropriate student representation in deciding those fees and
77. adequate annual reporting for transparency to the students we serve; and,

78. THEREFORE, be it further resolved that the ASUW Student Government strongly
79. recommend to the Wyoming Legislature to continue to support, invest, and trust in UW, the
80. well-being of our current students, and the potential of its future graduates; and,
81. THEREFORE, be it further resolved that upon passage, copies of this legislation be
82. distributed to all members of the UW BOT, University Administration, and all
83. state-elected officials.

Support of Student Representation in Student Fee Proposals and ASUW Senate Resolution #2521

About this petition

By signing the petition, you are agreeing that you are a University of Wyoming Student and support ASUW Senate Resolution #2521. Here's a brief overview:

The Resolution states that we believe the UW President's response to the budget situation by declaring a financial crisis and assembling the Financial Crisis Advisory Committee (FCAC) was beneficial, but have taken exception to other actions including:

-The state legislature's increased divestment from UW, and the concerns we have on that matter

-Lack of student representation on the Revenue Enhancement Sub Committee of the FCAC, despite it recommending significant additional costs directly to students in the form of student fees

- Reserves constituted of student fee money being maintained to excessive levels and mismanaged without regulation

Our resolution includes statements saying:

-ASUW supports the President's financial crisis plan on budget reductions

-We don't approve of the new fee proposal being created without student input or representation

-Any and all new fee proposals should have ASUW input and prove the need and justification for these increases

-We want the board of trustees to create policies which create a floor, ceiling, and other regulatory policies to the reserves which are created from student fee money

-We want the state legislature to continue to support UW monetarily; investing in the state's education, which would help diversify the economy

The Resolution in its entirety can be read here:

Comments: Taxation without representation didn't go well the first time. Students deserve representation in decisions which directly affect us, in addition to cheap schooling which is a big part of bringing in out of state students, and keeping Wyoming residents in...
Wyoming for their post-secondary education.

Comments: I think it is fare to ask engineering students to pay an additional fee for their courses. But I think this fee should be based on the student's years in school. Seniors and juniors should pay less because they have been in school for a longer period of time.

121. Name: Kelly Meyers on 2016-10-29 16:18:09
Comments: An increase in tuition is understandable. I'm just not sure why this fee will only be realized for engineering students. Also, there has been so much talk about the school needing budget cuts, all the while we just broke ground on the new engineering building estimated at $105 million. I believe the students have a right to know what the university has planned. I believe we as students should have a voice: I'm not sure why the university would not allow this.

   Comments: I agree budget cuts need to be made, however i feel that not only engineering students need to feel the effects. If the university is in a financial crisis a shared cost by everyone should be included in the price increase not just those students in engineering.

   Comments: I have heard about this petition before and I feel that it is a rather absurd amount of money that they will be placing on the backs of engineering students. I think that it is even more absurd that the committee did not have a single student there as representation to bring our opinions to the table.

Comments: The College of Engineering and Applied Sciences needs to continue to cut unneeded staff and reduce waste like the rest of the university before taking the "easy way out" and increasing fees. CEAS needs to wait for a university wide tuition hike, and not increase the cost for engineering students. We already pay an engineering computing fee, partake in large lecture classes and labs (some of which have a lab fee), I don't see why they need to increase fee, unless they are looking to drastically reduce class/lab sizes, or start providing free textbooks!!
