## Got Questions About Living in the Country

Then this workshop is for you!

How do I rejuvenate overgrazed pasture?  
AKA - What is the livestock carrying capacity  
of my small acreage?

Want to grow trees in this harsh climate?

Want to attract wildlife?

Want to scare away wildlife?

What kind of soil do I have & why does it  
matter?

What are these weeds & how do I control  
them?

We will be covering a variety of topics all  
relating to living in Campbell County.

Come learn about your soil, water quality, and  
how it all works together. Discover tips on  
keeping your horse healthy. Thinking of raising  
chickens? We are going to cover that too!  
Browse the trade show and discover local ven-  
dors with products that can help you reach your  
goals for your property. Meet local experts with  
local knowledge.

### Registration includes:

1 year subscription to Barnyards & Backyards  
Class materials and handouts  
Lunch

Workshops begin at 9:00  
Doors open at 8:30
