University of Wyoming
HIGH TUNNEL BUILD
EDUCATIONAL WORKSHOP

Extending Specialty Crop Production in Wyoming

Date: Friday September 6
8 AM—5 PM or until finished.

Location: Pinedale, WY
Rose Skinner 4-H Preserve.
Two miles south of Pinedale on U.S.
Highway 191 next to QEP Energy

Highlights
- Learn how to construct a High Tunnel.
- Using locally available materials.
- Discussions concerning techniques to extend the growing season.

Must RSVP prior to Aug. 30.
Registration Fee is $10.00 per person
Lunch and drinks will be provided.

To Register Contact:
Windy K. Kelley
wkelly1@uwyo.edu
307-367-4380

Structure will be a traditional style hoop house 16 ft X 32 ft

High Tunnels or Hoop Houses can be incorporated into your gardening and cropping practices as a means to extend the growing season and increase specialty crop production—even in Wyoming.

This educational workshop will provide you with the knowledge to build a high tunnel utilizing locally available materials, on your own property.

Painting and working with lumber and tools is expected.
