

Successfully Growing Fruit in Wyoming

June 22, 2013
9:00 a.m. to 12:30 p.m.
Berry Center, Room 138
University of Wyoming campus
Laramie, WY

Learn about growing fruit in our challenging climate!

Fruit trees and small fruit for Laramie and beyond – *Scott Skogerboe, Ft. Collins Wholesale Nursery*. Scott will discuss a wide variety of fruit varieties for our area including ones that were originally developed at the Cheyenne Horticultural Field Station (now the High Plains Grasslands Research Station).

Summer fruit tree maintenance – *Chris Hilgert, Wyoming Master Gardener Coordinator*. Chris will lead us through the various aspects of summer fruit tree maintenance. We may head outdoors to see some pruning in action.

How to grow small fruits – *Chris Hilgert, Wyoming Master Gardener Coordinator*. Chris will cover the ins and outs of successful small-fruit cultivation.
