

# POISONOUS PLANTS OF NORTHEAST WYOMING WORKSHOP

**Place:** George Amos Memorial Building Cottonwood Room (right above the extension office), 412 S. Gillette Ave, Gillette WY

**Date:** April 9, 2014

**Time:** 6-8 PM

**This workshop is designed to give participants an understanding of common poisonous plants found in Northeast Wyoming that affect livestock. The workshop will cover in detail identification of poisonous plants, ecology of plants, their potential effects, livestock symptoms, and potential remedies or cures.**

For more information please contact Brian Sebade at 307-283-1192 or  
Chance Marshall at 307-682-7281

*Issued in furtherance of cooperative extension work, acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Glen Whipple, Director, UW Extension, University of Wyoming, Laramie, Wyoming 82071.*
