Fall only or	spring only course						Total Program Credits:	<u>120</u>		

- A minimum of 120 hours is required. A minimum of 42 hours must be upper division. A minimum of 30 hours must be math/science.
- All COSC, MATH and STAT courses require a minimum grade of C.
- · COSC electives must be at or above the 3000 level. A maximum of 3 credit hours of COSC 3970 (internship) can be used.
- Math/Science Electives must be selected with advisor's approval from Department list. Science courses must have a lab. Math courses must be
 at or above MATH 2205 or STAT 3000. Cannot count MATH 2350, MATH 2355, MTH 4000, STAT 4220 or any variable credit course. Four hours
 of Math/Science Electives are required. Two 3-credit courses can also be used.
- General Electives cannot meet any other requirement for the major, and should be selected to satisfy the 42-credit upper division requirement.
- Courses for requirements with options (Systems, Programming Language, Theory, O/S) are offered in alternating semesters. See your advisor for clarification.
- Degree candidates must meet the academic requirements of the university.
- Students may not take a course for S/U credit to satisfy any requirement for a degree from the College of Engineering and Applied Science, unless the course is offered for S/U credit only.
