Abstract
The University of Wyoming, the College of Engineering and Applied Science, and the individual programs and departments of the College offer a vast array of resources for the classroom, teaching laboratory, tutoring and beyond. Here’s a quick sampling, with pointers to many. For your browsing pleasure, visit http://www.uwyo.edu/ceas/dean/resources
The Ellbogen Center for Teaching and Learning

- University-wide center, located in Coe Library
- Provide regular workshops and forums
- http://www.uwyo.edu/ctl
- Fall 2015 “New Faculty Sessions” sampler . . .
  - The Peak Performing Professor
  - Tenure and Promotion: Paths to Success for Tenure-Track Faculty
  - Reappointment and Promotion: Paths to Success for Academic Professionals
  - Tips and Tricks for Actively Engaged Learning
  - Beyond Testing: Alternative Assessment Techniques
- Affiliated . . . the Writing Center, LeaRN, Instructional Design and Technology Support
Computing, Information Technology, Web Site Support

- UW Information Technology
  - UWYO domain, MS Outlook email, bringing you YourNameHere@uwyo.edu
  - University student computing labs (all across campus)
  - Home-based MS products for Work at Home
  - Administrative computing facilities (accounting, WyoWeb, etc.)
  - Some sales and repair
  - http://www.uwyo.edu/infotech
  - WyoWeb Portal, WyoCourses course management system

- ESIG Labs (Engineering Science Interactive Graphics)
  - College of Engineering and Applied Science “central” student computing
  - The 1st floor computing labs, portable projection and laptops
  - Excellent staff, Cheryl Hilman and Knut Ortiz and students.
  - http://www.uwyo.edu/ceas

- Department servers and staff
  - Department specific software, labs and classrooms, file serving, printing
So You Want a Class Web Site?

- Many options available.
  - Students immediately directed to “your site” via WyoCourses / WyoWeb
  - Might be able to “roll-your-own” on various College/Department servers
  - ECTL provides support through their “Instructional Design and Technology Support” group
Access to Student Records / Registration Information

- **WyoRecords / WyoWeb Access**
  - Web-based access for student / class records, communication.
  - A must-have at advising time.

- Beware: Read your FERPA guidelines, obey “need to know”

- Much more of this to come, “Advising Week” (Oct. 31–Nov. 4, 2016)
  - “Degree Evaluation Analysis and What-If” — Monitoring progress toward degree completion.
  - Degree Checks — Department and College assistance.
