

Crestone Peak Resources (<http://www.crestonepeakresources.com/>)

Jason Schmidt (UW alum) is interested in receiving resumes by email for a potential internship this summer in either Frederick Colorado or Denver. His specific interest is in ME and PETE students. There is no guarantee that an internship will be filled, but he seemed confident about getting one approved if good candidates apply and are considered. If having questions, contact Jason at jason.schmidt@crestonepr.com. And, to apply with a resume send it to this same email.
