

1372 Derrick Drive

Hedquist Construction is looking for a summer intern to work in our materials testing lab for the 2017 summer construction season. Candidates must possess a strong work ethic, be able to work independently with little supervision and be diligent and detail oriented since testing results can have a significant impact on the cost and quality of the project. Candidates will be working in both the lab and in the field taking measurements, samples, and performing Quality Control and Quality Assurance testing of aggregates and asphalt under the direction of a Certified Materials Tester.

Candidates should possess the following skills:

1. Valid driver's license and clean MVR
2. Willingness and ability to work long hours (up to 14 hrs/ day)
3. Willingness and ability to carry 50+ lbs
4. Reliability and dependability
5. Reporting and communication skills
6. Computer literacy. Working knowledge of Excel and Word
7. Willingness and ability to troubleshoot and problem solve
8. Basic math skills

Work will be based out of Hedquist's Casper Lab, however some projects are out of town and may require some out of town travel, work in a remote lab and some overnight stays.

Pay will be hourly and starting at \$15.00, could be higher if candidate has relevant experience.

All interested candidates contact Frankie Adams at [frankie.adams2486@gmail.com](mailto:frankie.adams2486@gmail.com) with any questions and to receive a MATERIAL TESTING TECHNICIAN application.

Send completed application to [lab@hedquistconstruction.com](mailto:lab@hedquistconstruction.com).
