

**Sophomores, Juniors, non-graduating Seniors, Grad Students majoring in Architectural or Civil Engineering:**

McKinstry is currently seeking several interns (roughly four) to join their team, as part of their Commissioning and Construction teams in their Golden, CO location.

"McKinstry is a full-service, design-build firm founded in 1960 that specializes in consulting, construction, energy and facility services. With nearly 1,800 professional staff nationwide and operations in more than 15 states, our success isn't a matter of fate or luck, but the result of our commitment to innovation, the unique and integrated way we deliver, the long-term relationships we forge with our clients and our unwavering commitment to our vision of together, building a thriving planet. For more information, visit [www.mckinstry.com](http://www.mckinstry.com)."

McKinstry's BLUE (Build, Learn, Understand, Enrich) program aims to engage the best and brightest students with strong academic backgrounds who demonstrate effective leadership and then provide them with an equally meaningful internship experience. We have purposefully designed our internships to be an authentic reflection of what it means to be an integral part of McKinstry. This is achieved through our hands-on, 12-week long, paid program structured to build a foundation of industry knowledge while personal and professional growth is facilitated through collaboration, exploration, and mentorship. Qualified candidates will possess the following:

- Student pursuing a bachelor or graduate degree in architecture, architectural engineering, engineering or related field, or equivalent professional experience required
- Availability in Summer 2017; availability part-time before summer preferred
- Possess excellent written and verbal communication skills.
- Must be detail oriented, well organized, and possess excellent follow up skills.
- Must be self-motivated, able to multi-task and work independently.
- Experience in the design specification process preferred.

Interested students are encouraged to apply to these positions directly on their website:
