Position: Commissioning / Energy/ Mechanical Engineer in Training

Job Type: Full Time

Location: Colorado Springs, CO

Compensation/Salary Range:

- Medical/Dental Plans
- Prescription Drug Program
- Vision Plan
- 401(k) with Company Match
- Tuition Reimbursement
- Flexible Spending Account
- Time-off Benefits

Job Description:

This is a great opportunity for a young engineer looking to develop their career in the field of commissioning, retrocommissioning, design, and energy consulting. Responsibilities entail the support of multiple commissioning projects, retro-commissioning projects, solutions design, and energy audits for a wide variety of clients and facility types. You will be working directly under the supervision of a Professional Engineer with expectations of pursuing licensure.

Minimum Qualification:

- BS Degree in Architectural Engineering with Mechanical emphasis
- Or a BS Degree in Mechanical Engineering with 1-2 years design experience
- 0-3 years of experience in a technical consulting field such as facility design, engineering, construction management or related area
- Knowledge of HVAC systems and equipment
- Experience with AutoCAD
- Strong verbal and written communication skills
- Strong background with Microsoft® Office
- Ability to travel regionally on occasion

Desired Qualification:

- Registered EIT
- Knowledge of HVAC controls
- Experience with AutoCAD

How to Apply:

Please submit your resume to **Corey Chinn** at cchinn@F-W.com.
