

Swagelok has products and services that serve the petroleum industry; they have locations in Denver, Western Slope, and Casper.

The company is having an Open House; students interested in discovering what this company does or if they have any employment opportunities should consider stopping by during the hours of 11:00am - 1:00pm on Wednesday, March 29.

This Open House will be held in the College of Engineering and Applied Science building: EN1062

Check out their website at <https://denver.swagelok.com>
