

Joseph King McMahon
Petroleum Engineering Scholarship

Application Deadline: March 1, 2017

Statement of Purpose

Dear Scholarship Applicant:

The Joseph King McMahon Petroleum Engineering Scholarship was established in 2006. The purpose of the scholarship is to aid students who are interested in pursuing the study of petroleum engineering. Students should demonstrate a willingness and ability to maintain a high level of academic achievement along with leadership and involvement within their college and the community. It is hoped that the recipient of this scholarship will someday be in a position to give back to the petroleum industry and encourage others to pursue this field. This is what Joseph King McMahon did during a lifetime in the petroleum industry. We wish you success.

Cordially,
The Children of Joseph King McMahon
Texas Alliance of Energy Producers

Joseph King McMahon Petroleum Engineering Scholarship

Criteria:

- 1) Must be a U.S. citizen.
- 2) Must be majoring in Petroleum Engineering (declared major).
- 3) Must have an overall GPA of 3.0 or better (current official transcript required).
- 4) Must be classified as a sophomore or higher when completing application. The scholarship shall be used only for an undergraduate degree in petroleum engineering.
- 5) Must be enrolled as a full time student (at least 15 hours) for the duration of the scholarship.
- 6) Must demonstrate leadership abilities and involvement in student and community organizations.
- 7) Must submit application with requested attachments no later than March 1, 2017.

Amount of scholarship: \$2,500

- 1) If applicant drops out of school during the time period refunds are permitted, the scholarship award will be returned to the Texas Alliance of Energy Producers.
- 2) Scholarship will be paid directly to the college or university for the fall semester 2017.

How recipient is chosen:

- 1) The Texas Alliance of Energy Producers and the McMahon family will review the submitted applications and make the final selection.
- 2) Applicant will be notified of his or her selection and arrangements made for their presence at the Texas Alliance of Energy Producers Annual Meeting on April 26, 2017 for acceptance (applicant's expense to be provided).
